Faucet Eyewash Stations

- Chrome-plated brass faucet-mounted eyewash converts any faucet into an emergency eyewash station
- No special plumbing required, won't interfere with normal faucet operation
- Easy to operate, turn on water and pull out knob to activate eyewash
- Water pressure holds spring loaded valve open, leaving hands free
- Push in knob to turn off water to revert faucet to normal operation
- No tools required, complete with adapters
- Available for eyewash or eye/face wash

Drench Hose & Eyewash Combination

- Provides great flexibility in laboratories and other industrial areas for flushing the eyes or body
- Flexible 6' reinforced hose makes it ideal to direct the flushing fluid to the contaminated area
- Counter-top mounted
- Twin aerated spray outlet, angled at 45°, with stay-open valve and chrome-plated deck flange for hands-free operation
- Yellow ABS plastic spray outlets with flip-top dust caps and an automatic flow control
- Meets all ANSI Z358.1 requirements
- Universal emergency sign included

Model No. SD545
Mfg. No. SE-927
Price/Each \$450.00

SPEAKMAN®

Eyesaver® Faucet

- Unique chrome-plated design combines a fully functional gooseneck faucet with an independently operated eyewash
- Incorporates two separate water channels in the faucet body, one for the eyewash and the other for the faucet
- Simple pull handle activates the eyewash and delivers a safe water temperature to the eyes each and every time
- Faucet always remains functional
- Two aerated yellow ABS plastic spray heads with flip-top dust caps
- 2.4 gpm at 30 PSI
- ANSI Z358.1 compliant
- Universal emergency sign included

Model No. SAI288
Mfg. No. SE-F1800
